Evaluating the job interview

Man: Before we move on to the next applicant interview, I'd like to ask what you think of that last candidate, Ben Carter. Do you think he's qualified?

Woman: Well, to be honest, I was a bit disappointed with the interview. From his resume it looks like he has a lot of relevant experience, so I found it strange that he wasn't able to answer some of our basic questions. He really didn't live up to my expectations.

Man: I felt the same way. I just didn't get the impression that he could contribute much to any of our current projects.

Woman: Let's hope this next candidate is a little better. I'll call reception and have them send her up.
