## TOEIC Reading 問題演習

## **Purchasing**

Welcome to J-wave Computers and Peripherals!

We redesigned our site to better serve both institutional and individual buyers. First-time visitors are encouraged to fill out the online profile and establish an account. Doing so will give you access to detailed product information and current inventory levels. Choose from new and refurbished systems, standard or customized configurations, and a variety of shipping options. With your online account, you will be able to receive a price quote within seconds. To further reduce the risk to our customers, we offer a generous return policy – 30 days no questions asked, and an extended warranty – one year, parts and labor.

Still have questions?

Feel free to contact one of our live customer service representatives 24 hours a day. If they can't help you, no one can. Email and toll-free numbers are listed at the top of this page.

## **QUESTIONS**
